

## CHARITIES + SKILLR + VIP Referral Program

# What Is the SKILLR App?

Think instant video chat with thousands of pros on thousands of topics, anytime anywhere, and you pay just around a **\$1** per minute as you go.

## How Does Your Charity Get Money in the SKILLR VIP REFERRAL PROGRAM?

We hook up your charity with a referral code in the App.

Anyone who uses it gets a two-minute free intro session with any available pro, on us.

Your charity will receive **\$1** per free intro session that your followers use.

Starting in November, your charity will start receiving **5%** of whatever your followers spend in their first year on the app.\*

## What's a SKILLR Charity Experience?

People who are interested in your charity can donate while speaking to the actual people your charity helps, so they can truly feel the impact of their donations.

Too strong? Instead, think consumers donating while speaking in Skillr to your sales team or even some of your donors. Questions answered, engagement piqued!

Earn 100% of every dollar donated, the only fee is what Stripe charges.
